---

Scarlet II follows EDPR NA's Scarlet I Solar Energy Park (Scarlet I), consisting of 200 MW of solar and 40 MW/160 MWh of battery energy storage system (BESS), which ...

Prevalon Energy announced that the company has just secured a contract for a huge energy storage project in Idaho.

"Bringing Wisconsin's first large-scale battery storage project online is historic and continues our commitment to provide customers reliable and affordable energy," said Mike ...

A Florida-based battery energy storage provider is teaming with Idaho's largest electric utility for a 200-MW/800-MWh battery energy ...

Arevon Energy's new 200 MW Peregrine battery storage in San Diego can power 200,000 homes for two hours during peak demand.

The BrightNight Greenwater Storage Project will feature a 200-megawatt (MW) / 800 MWh Battery Energy Storage System (BESS), situated in Pierce County, Washington.

A Florida-based battery energy storage provider is teaming with Idaho's largest electric utility for a 200-MW/800-MWh battery energy storage system (BESS) project designed ...

Alliant Energy said the new battery system, known as the Columbia Energy Storage Project, would be the first-of-its-kind in the United States and represents a significant ...

Mortenson was chosen to engineer, procure, and construct this standalone 200MW/200MWh battery storage facility utilizing lithium-ion phosphate batteries.
