Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

Latvia state-owned utility and power generation firm Latvenergo intends to deploy 250MW/500MWh of BESS in the next five ...

Given Latvia's high share of renewable electricity, the need for electricity storage technologies will increase significantly. However, there ...

Latvia state-owned utility and power generation firm Latvenergo intends to deploy 250MW/500MWh of BESS in the next five years.

As Latvia accelerates its transition to renewables, large-scale battery storage has become the unsung hero balancing supply-demand gaps. Think of it like a giant "power bank"; for the ...

Clean energy investment company Niam Infrastructure and Estonian renewable power developer Evecon have announced plans to ...

The project is located in the C i rava area of Dienvidkurzeme, Latvia, and plans to construct a 400 megawatt peak photovoltaic power station and a supporting 600 megawatt ...

As we approach Q4 2025, industry watchers are keeping tabs on Latvia's first gigafactory for battery cells. When operational, it'll slash import costs by 60% and create 800+ skilled jobs.

The H10GP-M-30K40 delivers 30kW of solar generation and 40kWh of storage, housed in a 10ft mobile

foldable container. Using high-efficiency 480W panels, it's engineered for mid-size off ...

Given Latvia's high share of renewable electricity, the need for electricity storage technologies will increase significantly. However, there are also challenges, such as the need ...

This compact 8ft foldable PV container combines 18kW solar generation and 20kWh storage, offering a versatile and transportable solar energy solution. It's ideal for rapid deployment in ...

Clean energy investment company Niam Infrastructure and Estonian renewable power developer Evecon have announced plans to build a new solar-plus-storage portfolio in ...

Niam Infrastructure, a Nordic real assets investor, announces the launch of the second phase of its renewable energy platform in Latvia, developed in partnership with Baltic ...
