Sustainable Energy Tech; Goal of a Net-Zero Future

Let's face it - storing energy efficiently has always been the holy grail of renewable tech. Enter phase change energy storage (PCES) brands, the unsung heroes quietly ...

In this blog, we profile the Top 10 Companies in the Phase Change Material Industry --innovators driving material science advancements across organic, inorganic, and ...

Recent advancements in PCESMs have opened up opportunities for their extensive use in many industries, providing inventive solutions for effective energy storage, ...

Our technology engages bio-based phase change materials, enabling us to craft highly efficient and eco-friendly Thermal Batteries. PhaseStor, with over 35 years of unwavering dedication, ...

Insolcorp phase change materials are built around a fundamental property of Nature: The natural tendency of materials to absorb heat when they melt (phase change from solid to liquid/gel) ...

Phase Change Energy Solutions is a series C company based in Asheboro (United States), founded in 2011 by Byron Owens and Reyad Sawafta. It operates as a Developer of ...

Phase Change Solutions is a global leader in temperature control and energy-efficient solutions, using phase change materials that stabilize temperatures across a wide range of applications.

Companies such as Phase Change Energy Solutions, Microtek Laboratories, CPCCM, and ENGIE are acknowledged leaders contributing significant advancements in ...

Phase change energy storage solution manufacturers
