What is sinovoltaics?

Sinovoltaics provides a free comprehensive map resource that is designed to provide a clear and detailed view of the global solar supply chain.

Why should you use sinovoltaics' supply chain maps?

By combining comprehensive regional coverage with a brief supply chain traceability & analysis, Sinovoltaics' supply chain maps enable industry professionals to identify opportunities, forge strategic partnerships, and make informed solar procurement and purchasing decisions.

Where can I find a solar supply chain map?

Our map resources include: Sinovoltaics offers dedicated supply chain maps for North America, Europe, Southeast Asia, and India. Each map highlights the region's existing and future solar module manufacturers. Our maps also break down the area's critical suppliers for cells, wafers, ingots, and polysilicon.
